Reform the tariff.

Purge the pension list.

The Arkansas Senate has defeated a bill creating a Railroad Commission.

Capt. C. T. Allen, of Princeton, is in Washington after the office of Assistant Postmaster General.

Mr. Chas. K. Wheeler, of Paducah, is pressing his claims for a foreign mission.

Mrs. Ulysses S. Grant will change her residence from New York to Washington.

A movement looking to the erection of a monument to Blaine has been set on foot in Maine.

The Cabinet nominations were confirmed by the Senate Monday. No other nominations were made and the Senate adjourned till yesterday.

Both of the new members of the Kentucky House, elected to fill vacancies this year, are named Cox. W. J. hails from Muhlenberg and L. J. represents Franklin county.

The Kentucky House this week adopted a bill prohibiting the marriage of first cousins. This will only give another class of Kentucky lovers a pretext for eloping to adjoining States.

Joshua Quincy, of Massachusetts, to be Assistant Secretary was Secretary Gresham's first appointee. This is a good start, as Mr. Quincy is one of the ablest and truest Democrats in New England.

Benjamin could not chop down that judicial cherry tree with his little hatchet, and his appointment along with 35 others was left unacted upon when the Republican Senate ceased to exist.

In 1889 when the Democrats turned the Treasury over to the Republicans, it contained \$96,000,000 of free gold. Tuesday when the Republicans passed it back to the Democrats, there was \$125,000,000 of free gold in the Treasury.

The Sherman resolution changing inauguration day from March 4 to April 30 is pretty apt to be enacted into law. The weather of last week convinced everyone who was in Washington that a change ought to be made.

The Courier-Journal, which is "writing up" the Circuit Judges and Commonwealth's Attorneys of the State, gave very complimentary sketches of Judge Grace and Col. Garnett this week, accompanied by remarkably correct portraits.

Ralph Davis, Speaker of the Tennessee House, who was recently discharged for misappropriating the funds of a client, refused to resign and was removed from his position Wednesday by a vote of 72 to 8. Julius Trousdale was then elected Speaker.

"There is not a bald-head in the Cabinet, though Her Dan Lamont is taking steps in that direction. The President and Vice-President will soon be eligible to membership in the Noble Order of Bald-heads, each of them being already a bald-headed man at heart."—Frankfort Capital.

Nearly one-half of the United States Senators, one-fourth of the Congressmen and seven out of nine Justices of the Supreme Court are also members in good standing of the order of Knights of the Shining Pate.

The United States Senate now has 80 members. Of these 45 are Democrats, 37 Republicans and 4 Populists. The vacancies in Montana and Washington will be filled by Republicans, though the Democrats throw away a member in Montana by deadlocking the Legislature until the session expired. The Republican Governor has appointed Lee Mantel, Republican, to succeed the intention to vote with the Democrats, which will give the Democrats a good working majority.

Hon. J. A. McKenzies has stronger claims upon the President for official preferment than any other Kentuckian. Years ago when the present crop of "original Cleveland men" were not known in the politics of the State, Mr. McKenzies was a staunch friend of the President and never lost an opportunity to speak his praise. In the St. Louis convention his speech seconding his nomination attracted widespread attention and last year his speech for Cleveland was one of the best heard at Chicago. Not only in the last campaign but in every campaign in recent years, Quinsie Jim's eloquent voice has preached democracy pure and undefiled. He deserves something worthy of his talents and the President will doubtless see that his place is well helped to give him the honor he has never lost.

Mr. McKenzies probably prefers the Italian mission, but if this has been disposed of the President should find some other desirable agent for a mission who has never been called to any party calls or faltered in any party's leader.

SWEETLY BOOMING.

New Buildings Contracted For Early Spring.

And Still There's More to Follow.

Hopkinsville's day of prosperity is at hand.

There is a feeling of confidence on every side and the business activity last year bids fair to be far surpassed this year.

New factories are going up, new turpines are being contracted for and projected, new enterprises are opening up and new buildings are going up.

Among the new buildings to be begun in the early spring are the following:

The Latham Hotel, a magnificent new hotel to be erected at a cost of \$50,000. The money necessary to insure the success of the undertaking has been subscribed and the hotel is one of the certainties of the near future.

The Alfred Lewis tobacco factory, which will work a big force of hands and prove one of the important enterprises of the city. The building will be put up at once on Elm street.

The Baptist church now under contract and work has begun. Jones & Brown have the stone contract at \$10,000 and Forbes & Bro. the wood work at \$11,000. The finished job will cost \$25,000 or more.

F. W. Dabney's new residence near completion, Seventh street, \$4,300.

Mrs. Ada Graham's residence on South Main street will cost nearly \$4,000.

W. T. Tandy has begun a \$3,100 residence on Sixteenth street.

Mrs. Willie Goldthwaite's residence on South Virginia, nearly finished will cost \$2,800.

H. H. Abernathy has contracted for a \$3,100 residence on Virginia and Twentieth street.

Dr. M. W. Williams has contracted for a \$3,300 residence on his lot just outside the city limits on South Virginia street.

Geo. J. Van Cleave, near the city, has contracted with Forbes & Bro. for the erection of a \$4,000 residence on his farm.

G. M. Bell will proceed at once to build a \$2,800 residence on his South Virginia lot, next to the new Baptist church.

C. B. Webb has contracted for a cottage on the lot formerly occupied by the Virginia Street Baptist church, to cost \$1,000.

Forbes & Bro. are preparing to build at once a brick wagon factory, \$5,000, and a brick lumber warehouse, \$1,500.

Dryer & Young have begun work on a block of brick storehouses on the corner of Seventh and Virginia streets. They will build by day work. Estimated cost \$8,000.

S. L. Froge has contracted for a \$1,400 residence.

C. R. Hayden is building a \$1,100 cottage, which by the way is rather a suspicious mark for a young bachelor to make.

C. W. McGinnis has contracted, for the erection of a \$1,100 cottage.

W. O. Hall has contracted for a cottage to cost \$1,000.

Lizette Thomas, who has contracted for a \$400 cottage to be built at once. These improvements are only a partial list, but they aggregate \$123,200. Excepting the hotel the contracts have already been let. This list does not include many new houses just being finished.

That cure of Geo. W. Turner of Galway, N. Y., of scrofula, of Hood's Sarsaparilla, was one of the most remarkable on record.

Now for Telephones.

The Patent Has Expired and Hellos Will Be Cheap.

The main patent on the Bell telephone expired March 7 and there will at once be lively competition in the manufacture of telephones. The Bell monopoly has bought up all improvement patents, including the switch board for large exchanges. In small cities, however, the exchanges can be operated independent of the Bell patents.

The effect will be that the exchange in this city will be re-opened April 1st, after having been shut up for 18 months. The South Kentucky Telephone Co. has ordered 200 instruments to start with, and expects to have in 500 before the year is out. Lines will be built to all of the principal county towns and to Trenton and other towns in adjoining counties.

The instruments will be put into business houses at about \$2 per month and in residences at half that price.

Rich Red Blood

As naturally results from taking Hood's Sarsaparilla as personal cleanliness results from free use of soap and water. This great purifier thoroughly expels scrofula, salt rheum and all other impurities and builds up every organ of the body. Now is the time to take it.

The highest praise has been won by Hood's Pills for their easy, yet efficient action. Sold by all druggists. Price 25 cents.

The Senate Democratic.

The United States Senate stands as follows:

Democrats—Alabama, Arkansas, Florida, Georgia, Indiana, Kentucky, Louisiana, Maryland, Mississippi, Missouri, New Jersey, New York, North Carolina, South Carolina, Tennessee, Texas, Virginia, West Virginia, Wisconsin, two each; California, Delaware, Illinois, Kansas, North Dakota, Ohio, and Wyoming, one each; total, 45.

Republicans—Colorado, Connecticut, Idaho, Iowa, Maine, Massachusetts, Minnesota, Michigan, New Hampshire, Oregon, Pennsylvania, Rhode Island and Vermont, two each; California, Illinois, Montana, Nebraska, Nevada, North Dakota, Ohio, South Dakota, Washington and Wyoming, one each; total 37.

Populists—Kansas, Nebraska, Nevada and South Dakota, one each; total 4.

Two states have yet to choose Senators. Montana will appoint a Republican and Washington a Republican, which will make the representation as follows: Republicans 39, Democrats 45, Populists 4.

"The Blood is the Life,"

Runs the old saying, and everything that ever makes part of any organ of the body must reach its place therein through the blood. Therefore, if the blood is purified and kept in good condition by the use of the Hood's Sarsaparilla, it necessarily follows that the benefit of the medicine is imparted to every organ of the body. Can anything be simpler than the method by which this excellent medicine gives good health to all who try it faithfully and patiently?

How's This.

There is one passage in Captain A. T. Mahan's article on the subject of annexation of Hawaii in the March Forum that is dramatic. "In our forum," he says, "we bordered upon the Atlantic only; our youth carried our banners to the Gulf of Mexico; today maturity sees us upon the Pacific. Have we no right or no call to further progress in any direction?"

HERNDON.

HERNDON, March 3rd.—It has been some time since our little village was heard from, so I thought to remind you and our friends, we are still moving on. In the even tenor of our way." Though not often heard from, Cupid's shining darts are flying thick and fast around us, and the shy timorous maiden who would not fall into his snare, had better keep close to her mother's apron strings.

We were sorry to give up our friend and teacher, Miss Ida Pickard. Though we did not learn the name of the lady bachelor from down on Green River, we know he passed through Herndon and away to Tennessee with his little girl. She will be greatly missed, for a sweeter or more engaging creature was never well. May God bless and cheer them on their way.

One bleak February night Mr. Jim Faulkner and Miss Sudie Southall were united in the holy bonds of wedlock by Esq. Crenshaw. The knot was tied between seven and eight o'clock by the flickering light of a lantern. We wish them a bright and happy future.

We are told Bro. Allison will fill the pulpit so lately vacated by Rev. H. F. Perry.

Miss Mary McCulloch is the guest of Mrs. C. S. Coleman this week.

Miss Laura and Lulu Carter entertained their friends right royally last Tuesday evening.

Miss Mattie Miller spent last week with Miss Alice Coleman.

There has been quite a rush of tobacco men down this way, but they seem to have disappeared after the fashion of the ground hog. All save one, who is buying a certain farmer's crop one barn at a time. (He has a clever little daughter.)

Bro. John Fraser and Miss Fronia Brannan passed through Herndon returning from Olmstead, whether they had gone to witness the marriage of Miss Mary Collins.

Miss Minnie Coleman has a pretty little cousin visiting her, (so the boys say.) Miss Bradshaw.

Resolutions of Respect.

To the Christian county office and brethren of Jefferson Davis Lodge, No. 93, Knights of Pythias, of Fairview, Ky.

We, your committee on resolutions, respecting the death of Bro. J. P. Griffin, who died Feb. 12, 1892, submit the following:

Whereas, death has taken from our midst our much loved and esteemed brother, J. P. Griffin, who by his unwavering loyalty to the order of which he was a member, has endeared him to our hearts.

1. Therefore, be it resolved that this lodge has lost one of its most valued and tried knight.

2. That we bow in humble submission to him who doeth all things well.

3. That we extend our heartfelt sympathy to the bereaved family and that this disposition of Providence may be sanctified to their eternal good and that we commend the friends and relatives of our deceased brother, to the care of our heavenly father.

4. That this preamble and resolutions, as a token of our respect and love of our departed brother, be spread upon our minutes and that a copy of the same be furnished the family of the deceased, also that copies be furnished the Elton Progress and Hopkinsville Kentuckian for publication.

Committee.—Vaughan, Petros and Hancock.

The President yesterday nominated Isaac P. Gray to be Minister to Mexico and Patrick A. Collins to be Consul General at London.

(Mention This Paper.)

The March Forum.

The Forum begins XVIth volume with a timely March number, the three leading articles being "Hawaii and Our Future Sea Power," by Captain A. T. Mahan, of the U. S. Navy, President of the Naval War College at Newport, and who discusses the importance of United States control in the Pacific from the broad point of view of a student of the influence of sea power upon national development; "Panama: The Story of a Colonial Bubble," by Mr. Ernest Lambert, who was during the critical period of this enterprise the editor of the Panama Star and Herald—a complete explanation of the remarkable series of events in this great enterprise; and a "New Commercial Era of the United States," by Mr. George W. Medley, an authoritative English student, with free-trade inclinations, of large commercial tendencies, who argues that the adoption of a policy of radical tariff reform by the United States would transfer to us from England the commercial supremacy of its world.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

It is excellent in all cases of prostration in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
